Quiet Waters

The Garden Apartment

“Come with me by yourselves to a quiet place and get some rest.”

Mark 6:31

Our freshly renovated apartment is now available for self-catering breaks.

Located at the rear of the main building, overlooking the walled garden and arranged over two floors, the accommodation is bright and spacious with a large twin bedroom with ensuite shower room, spacious living room and well equipped kitchen.

It is attractively furnished and the kitchen, although small, is well equipped with oven, hob, toaster, kettle, fridge and freezer. There is gas fired radiator central heating and ample parking, too.

The gardens are yours to explore with nearly two acres of varied landscapes, including a woodland walk, walled garden and natural meadow overlooking the River Waveney to open fields beyond and the Bath Hills as a distant backdrop. There is also a summerhouse from where our resident Kingfisher is occasionally spotted.
