

Coronavirus Update 2nd April 2020

Following Government directives, Quiet Waters is closed for the foreseeable future. As previously stated, deposits and upfront payments for future visits can either be deferred or refunded in full. Please contact us.

For the time being we have put 4 of our residential team members (Jon, Vanessa, Bryan & Ruth) and our housekeeper (Kelly) on furlough. In doing this we will receive support from the Government under the Job Retention Scheme to help pay their wages. Andy & Debbie will remain on duty looking after the house and grounds. They will also be monitoring emails and phone calls.

The whole residential team remain on site and are happy to receive requests for prayer - please email or phone. Our ability to respond will of course be affected by the reduced team cover.

Please continue to pray for Quiet Waters, the team and their families. As for so many, these are uncertain times.

Phil Perry

Chair of Trustees
